Your Height:

**Carbon / Kevlar Foam Core
Vacuum infused**

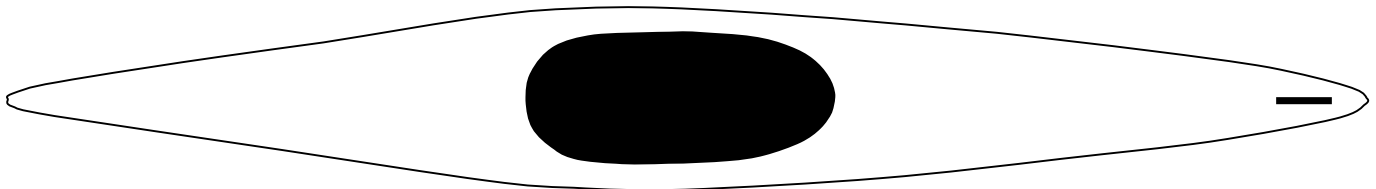

Your Weight:

Carbon Kevlar Hand Laminated

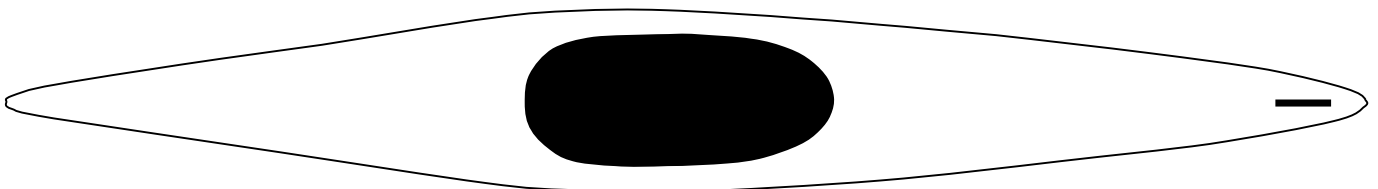

Seat Size:

Kevlar Hand Laminated

Special Cut:

Colour Scheme on Deck (hulls are clear)

All kayaks come with a clear finish hull and choice of single or two colour spray fade deck. To save weight we use Duratec coatings on foam core kayaks. Metal flake can be added to Duratec to create custom colours. Each kayak comes complete with pillar foam, choice of small or large seat, bow and stern loops fitted and kevlar outside seam (full length on hand laminated kayaks and nose and tail only on Elite laminate option)
